

Grayling Woman Dies in Water Accident

Kathleen Loretta Ross, 44, of Grayling, died Friday, July 31, after she was thrown from a boat on Lake Margrethe about 5:40 p.m. Her body was recovered Saturday morning about 9:40 a.m. by dive team members from Crawford and Kalkaska County Sheriff Departments.

Ross was in the boat with her 17-year old son and another passenger, 40 years old. The boat was operating a full speed in the west bay of the lake when the driver apparently lost control momentarily and the boat turned sharply throwing the three passengers, according to the Crawford County Sheriff's Dept. The other two passengers were rescued by Mick McNamara in a pontoon boat.

Instructor's Course at Kirtland

A Firefighter Driver/Instructor's course will be presented on August 8, 1981, from 8 a.m. to 4 p.m., at Kirtland Community College.

The purpose of this one day course will be to provide local fire fighters the opportunity for "hands on" experience in the correct procedures for driving fire vehicles.

The class will be held in the KCC Senior Citizens room in the Student Center, with the actual training occurring in the parking lot. Four fire vehicles with different wheelbases and road cones will be furnished by support area fire departments. There will be no charge for the course.

The Firefighter Driver/Instructor's course is sponsored in cooperation with Kirtland Community College, Mr. Robert Schultz (Director, Fire Service Instruction and Research Center - University of Michigan); the Roscommon County Sheriff's Department, and Garth "Smoke" Meyer, Roscommon County Sheriff.

For further information, contact Mr. Robert Schultz, Director, Fire Service Instruction and Research Center, University of Michigan at 313-763-1234.

Dial-A-Ride Adds to Schedule

Dial-A-Ride is operating a daily regularly-scheduled summer service between Grayling and North Higgins Lake State Park through September 15th. Standard fare rates apply with the Transit Service assuming Park entrance fees.

"The Park has many appealing features," said Chet Johnston, Crawford County Transportation Coordinator. "Besides the considerable lake frontage, there are tables and stoves for picnicking, boat launch, playground equipment, new building for toilet facilities and changing clothes and a pavilion for sheltered picnics. Right across the road is a restored museum area. In short, concluded Johnston, "there's something for everyone and all on one of Northern Michigan's most beautiful lakes."

Rates are the same as usual for such a run. \$1.25 is standard while Senior Citizens and those under 12 ride for half fare.

Drops and pick-ups will be at the Park entrance at the times published below. Johnston cautioned, however, that the last pick-up at 6 p.m. must be pre-arranged, since the C.C.P.T. bus will not make the run otherwise.

CITIZEN OF THE YEAR—Tony Doremire, named Citizen of the Year, took a well-deserved ride in the Milltown parade. For years, Doremire has been doing the driving - in ambulances, one of several reasons he was picked Citizen of the Year. Doremire was also honored at lunch last Thursday at Chief Shoppenagons Hotel. Doremire is the volunteer Grayling Fire Chief, Crawford County Ambulance Corps Coordinator, and an EMT and CPR instructor. His CPR instruction was partly responsible in saving two recent heart attack victims in the county.

Mercy Hospital Shares Computer To Control Health Care Costs

Mercy Hospital has been sharing the computers of McDonnell Douglas Automation Company (MCAUTO), Health Services Division as part of the hospital industry's Voluntary Effort to control rising health care costs. Through various cost containment efforts, MCAUTO has been able to provide its computer services to Mercy Hospital and other hospital clients with only a four percent per year increase over the last ten years. During which time, the Consumer Price Index (CPI) increased by approximately 79 percent.

The shared computer services concept came into being in the 1960's. The concept is based on the principle that multiple users of similar industries can share a computer and only pay for the actual time that their individual organization uses the computer. With the shared computer concept, an industry can realize the benefits of automated data processing without having to make a tremendous capital outlay to purchase computers or hire a qualified programming staff which is knowledgeable in the data processing needs of that particular industry.

These cost savings offered by MCAUTO are directly attributable to the volume savings that result when processing Accounts Receivable and Patient Billing for Mercy Hospital and the more than 550 other hospitals in 45 states that also share MCAUTO's systems. Three of the typical savings areas are:

1. Presorting hospital patient statements.
2. Toll-free customer service (WATTS) lines.
3. Bulk - purchasing hos-

pital forms.

Mercy Hospital and the 550 other hospitals sharing MCAUTO's billing systems generate more than 100,000 patient statements each day and they are mailed from MCAUTO's St. Louis Data Center directly to the guarantor of each account. These statements are generated automatically for each patient account and contribute greatly to reduce the clerical effort required for collecting Accounts Receivable. These automated mailings also contribute to improved cash flow and greater liquidity for the hospitals, but a major savings

Snowmobile Safety Fund For County

State Senator Mitch Irwin (Sault Ste. Marie) today announced that \$19,225.05 is being reimbursed to 14 counties in the 37th Senatorial District for their 1980 Snowmobile Safety Programs.

"Snowmobile safety is vital to these counties," Irwin said. "Enforcing safety programs serves to protect those who enjoy the winter sport."

Included in the Snowmobile Safety Program are: snowmobile safety education and snowmobile law enforcement, inspection of snowmobile registration certificates, search and rescue programs, and accident investigation.

Michigan law authorizes the Department of Natural Resources to return up to three-fourths of the money counties spend on their Snowmobile Safety Programs. Crawford County will receive \$2,555.

City Signs Transportation Agreement

By Jon Thompson

The City of Grayling became the first local government unit to sign an agreement to form a county-wide transportation authority.

Grayling Township and Crawford County are expected to follow soon with their signatures. After the three units have signed, the proposal heads for Lansing, where it could take six months for approval by the Attorney General and Governor.

The proposal calls for a five-person board to control all transportation in the county. Under the current agreement, the City of Gray-

ling will have one representative on the board, the county will have two, and Grayling Township will have two. The representation is based on population and services needed.

The City of Grayling signed the agreement at their regular council meeting July 27. City Manager Jerry Morford said at that meeting any financial contribution the city makes will be about 12 percent of the total needed from the local government units. The 12 percent total is based on a formula of population, services, and state equalized values (S.E.V.) and will

change as those three factors change. Also, other townships are eligible to enter the transportation authority and additional members will change the percentage of local contributions.

The transportation agreement will immediately affect Crawford County Public Transit (Dial-A-Ride) and the Grayling McNamara airport.

Public Transit Coordinator Chet Johnston said a five-person board will have more time than county commissioners to direct county transportation. He also said there will be more grant

money available for Dial-A-Ride and the airport.

"A transportation authority is a much better way to run things," Johnston said. Johnston said Crawford County is a step ahead on its neighboring counties in providing public transportation. Otsego and Roscommon counties have only started dial-a-ride services in the last two years. Crawford County started dial-a-ride in 1976.

The transportation authority will also oversee bus, rail, car rentals, and any other public transportation operations. The authority will have no tax-

levying power.

But Study Says Repairs Needed Salling Dam Will Remain AuSable River Landmark

By Jon Thompson

The Salling Dam, built in 1914, is in need of repair, but it apparently will remain as an AuSable River landmark.

A 1981 U.S. Army Corps of Engineers' study of the dam recommended several repairs but it did not recommend the dam be removed as some Grayling residents feared it might.

"I do not believe there is any danger of them taking the dam out," said Jerry Morford, Grayling City Manager, after attending a meeting with Army Corps of Engineers and DNR officials. "They will present a plan to prevent further erosion to the owners of the dam and that should take care of any problem there for awhile. They were worried that if the dam was allowed to deteriorate several more years without maintenance, it might pose a threat."

Morford said he attended the meeting at the request of property owners with land adjacent to the backwaters of the dam (called Salling Lake in the study), and because he felt the Salling Dam's future is tied into the future of the small dam in downtown Grayling.

Morford said the study of Salling Dam was part of a national study made on all dams over a certain height. The downtown Grayling dam was not big enough to be included in the study. Mayor Sandy Thompson, after seeing the study and hearing Morford's report at the July 27 City Council meeting, said the dam probably could have been repaired for less than the cost it took to make the 70-page Army Corps Salling dam study.

The dam, located between Old Dam Road and AuSable Trail, was built around 1914 to generate electricity for the Grayling Electric Company. The dam produced hydro-electric power for about 25 years and then was sold in 1954 to the Salling

Hanson Company. John Bruun bought it two years later and eventually sold it to the present owners, Mrs. Steven Katona and Mrs. Elaine Graham.

Katona owns the southwest half of the dam and a house built partially on the concrete portion of the abandoned powerhouse. Graham owns the northwest half of the dam and a house downstream from the dam on the north bank.

The Army Corps study says the two houses would be in danger from flooding if

the dam breaks. The study recommends five steps to help prevent any dam failure.

First, the concrete spillway should be repaired or replaced. The study says the concrete walls of the spillway are heavily damaged from weathering and have cracks one to three inches wide. One concrete piece — 9 feet long, 2 feet wide, and 15 inches thick — is broken out from the wall.

The study also recommends the trees and brush be removed from the earthen walls of the dams and a grass cover planted to protect against erosion. The slopes of the earth walls also need to be repaired.

The study furthermore recommends a warning system be installed to notify people downstream during high flood stages or other emergency situations.

And finally, an inspection and maintenance plan should be developed.

The dam is about 225 feet long and has a concrete wall about 15 inches thick within an earth embankment. The depth or length of the concrete wall within the embankment isn't known.

There's an emergency spillway located southwest of the main dam. It's a broad dike about 150 feet with a grass cover leading to a man-made pond. Beyond the pond is an old creek bed that drains into the AuSable farther downstream.

The erosion-prevention plan - which could differ from the original Army Corps study recommendations - is expected to be presented to the dam owners in two to four weeks.

From Our
Corner ...

We can't think of anyone more deserving than Llywn "Tony" Doremire in being picked this year's Citizen of the Year. The committee should be commended for their selection naming Tony the top citizen...Tony should also qualify for the Unsung Hero's Award, as he goes about each day in an unassuming way doing things for others and helping in any way he can even though he is in constant pain with an injured back...

Tony had to leave the National Guard due to his back problems, but that didn't make him give up...he has been with the Volunteer Fire Department for 18 years and is the present Chief...his work with the American Red Cross tells the story of Tony. He is always there when a helping hand is needed...the many hours he puts in helping others is untold...he has been working with Red Cross some 15 years...

We remember Tony when he was in high school and played on the basketball team...one year stands out, 1957, the year the Vikings went to the semi-finals in the state basketball tournament and Tony teamed up with Dave Lowe at guard to spear-head the team that year, the rest of the squad was made up of Bob Strong, Don Roberts and Bill Martin and was coached by Bruce Smith...Tony was a leader then as well as he has been in the years after graduating from Grayling High School...

As we said before...there is no one more deserving than Llywn "Tony" Doremire in being picked as Grayling's 1981 Citizen of the Year...

Now that the annual Grayling Milltown Festival is history the committees that worked so hard to bring it to reality deserve a "Tip of the Hat" from Our Corner for a job well done...the weather cooperated just great with just a threat of rain during the parade but over all it was perfect...the exhibits seemed to be well attended and brought out scores of people...the parade, one of the finest we have witnessed since the parade during Grayling's Centennial, was quite appropriate for the finale of the Festival weekend...

Weather permitting, the USS ZEBRA will set sail this Thursday, Aug. 6th for its first annual shark-marlin fishing trip on Lake Margrethe...Captain McNamara said today that the motor should be all set to go, and he stated that the cruise is set for around four o'clock because that it is more advantageous in landing either of the species in the cool of the day...we haven't spoken to Irv McIsaac, Deck Hand on whether he is off the golf tour, but the Captain said we sail on the 6th...

This week has been something new for the ol' fellas...we are changing our format this week which shouldn't show up to our readers but for us we have to make all kinds of changes as far as size of ads & sizes of columns...that makes us think we're in an altogether new ball game...right now we're in a quandry on how much to put in our corner to be able to stay in our portion allotted for our ramblings...so right now we are going to call it quits...

One last remark, we received a phone call from Dane Monday, and he tells if everything goes right they will be moving to Midland, Texas...there must be some Gypsy in him and Cyd...with that...goodnight T.J., Stef, and Amber...and to all our readers, have a nice weekend...

Lovells Softball
to Benefit M.D.

Concerned citizens of the Lovells area are sponsoring a fund raising event to help the victims of Muscular Dystrophy.

Thursday, August 6th, the over-twenty crowd will team up against the under-twenty team in a benefit softball game. The captain of the older team, who is by her own admission "quite a ways" over twenty, is Mrs. Betty Burden. The idea for the game is hers and she said she's doing it, "because I always wanted to do something for M.D."

Besides the game, which is being held behind Lovells Hardware in this northeast Crawford County community, Mrs. Burden says hot dogs and other refreshments will be sold. It's all in fun, but the underlying reason for the event remains foremost in her mind. "We would like to raise as much as two to three dollars per person in Lovells Township," she added. That amounts to somewhere between \$700 and \$1000, a very serious goal. Mrs. Burden also stated that she hopes to issue a challenge to all other townships in Crawford County to match that amount during the annual Labor Day Telethon held nation-wide each year by comedian Jerry Lewis.

The big game of "over-twenty vs under-twenty" begins at 7:00 p.m. and ends? Well, according to Mrs. Burden, "as long as the over-20's can last." For more information contact Mrs. Betty Burden at 348-9589.

The Death Penalty
For Michigan

There is currently a petition drive to place Capital Punishment on the ballot in Michigan. The proposed constitutional amendment reads: "The legislature shall enact laws providing for the penalty of death for persons convicted of willful, deliberate and premeditated murder, or of a killing committed in the perpetration or the attempt to perpetrate any of the common law offenses of arson, rape, robbery, burglary, larceny of any kind, extortion or kidnapping as they are presently or hereinafter defined by statute." Please notice that all the crimes guilty of death must be first degree murders.

The Supreme Court has upheld Capital Punishment with these words: "Indeed, the decision that capital punishment may be the appropriate sanction in extreme cases in an expression of the community's belief that certain crimes are themselves so grievous an

affront to humanity that the only adequate response may be the penalty of death." U.S. Supreme Court, Gregg vs. Georgia, 1976.

Polls indicate that 3/4ths of the citizens of Michigan support Capital Punishment. This proves the law of God written in their hearts is bearing witness. Romans 2:15.

Over the past few weeks we have proven beyond a shadow of a doubt that God through the Bible has authorized Capital Punishment to be exercised by Civil government.

Those of you who are afraid to sign such a petition because you may bear blame for the death of some criminal, please listen. God is already holding you guilty for the injustice, violence and death being pressed upon harmless victims. Just as Jesus said there would be wars and rumors of wars until the end of the earth, so also, there will be interpersonal violence with some proportionate degree of death between the villains and the victims. We wish to assure the villains of such horrible crimes that they will pay the same penalty they placed upon their innocent victims. Law without justice and proper punishment will remain ineffective.

Please write: "Citizens for Capital Punishment" c/o Oakland County Prosecutor, L. Brooks Patterson, 1200 N. Telegraph, Pontiac, Michigan 48053, and ask for as many petitions for Capital Punishment as you can use. (adv.)

Chris Clover's Corner

"Cooperative Extension Service programs are open to all without regard to race, color, national origin or sex."

By Sue Louchart
Hi! I'm Chris Clover here with news from the Crawford County 4-H Clubs.

Achievement Day is over and many thanks to all the people who stopped by to see the displays and projects and the members. The judges did a fine job of judging the projects and the members were very proud of the ribbons they earned for their hard work. Thanks to everyone who made the day successful.

The Small Farm Animal Club is going to miss giving Tom - T Goobler his bath. It's not easy to give a 60 lb. turkey a bath is it kids? Oh, well everyone dried off even Tom - T Goobler.

Not only are the kids good bathers they are good doctors too. In May they had 79 chicks hatch to take care of. One chick broke its leg and the vet. said to butcher it. Not our 4-H'ers! They doctor it back to health and it doesn't even limp.

Anyone who would want a pair of chickens or layers the kids are selling them. I hear they have some beautiful chickens. They are also selling chickens they have butchered. If interested call Kathy Mobarak at 275-5658.

The Horse Club the Hoof Beats recently took a long trail ride ending at Hanson Hills where they made camp

for the evening. Before bed ding down, the group served dinner to their parents. The also had to feed, water and bed down horses. Sounds like fun!

We hope to see a 4-H horse arena at Hanson Hills as soon as the final go-ahead comes from the Military Board. If anyone would like to help the club build the arena or has materials they would like to donate contact the Office.

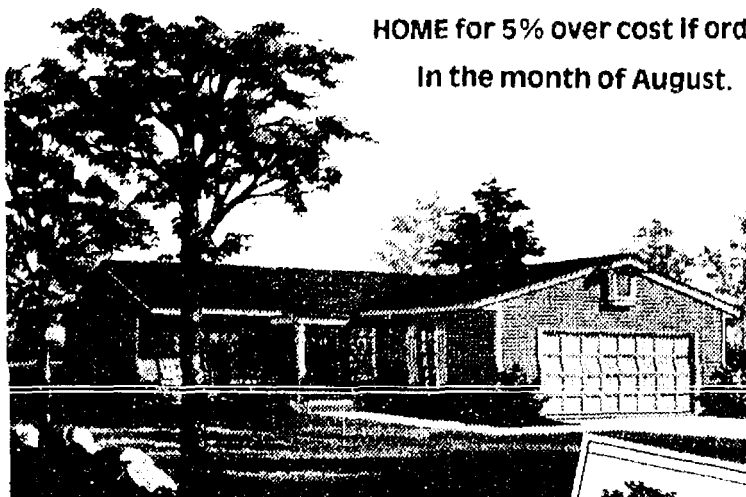

A reminder to all the fish in the swimming program that August 10th and 12th are the last days for the swimming program out at Pine Knoll. A winter program does not look promising but if we can find a place for winter swimming we will let everyone know.

Many of the clubs will not be meeting any more until fall. The Cooking Club, Needlecraft and Softball are a few. But many new clubs are in the planning already including Handicraft-Woodworking Club, Gymnastic Club, Fishing Club, Community Development Club and many others. Watch this corner for starting information.

Some of these clubs need more members, leaders, teen leaders, helpers, equipment or other things. If you can help in anyway please call the Office.

Verlinde-Rosin Speak Vows

HOUSTON, TX.—Karole Jean Verlinde and George Rosin, Jr. were united in marriage June 20, 1981 at Gulf Palms Church of God. The Rev. J. Modisette officiated at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. James Verlinde of Frederic, and the groom is the son of Mr. and Mrs. George Rosin, Sr. of Houston, Texas.

Karole Jean was given in marriage by her father. Kelly Verlinde was maid of honor.

The groom's cousin David Lawe was best man for the occasion. Stacy Rosin sang "You Light Up My Life."

Following the ceremony, a reception was held at the groom's parent's home.

The couple traveled to Clear Lake for their honeymoon and are now at home in Houston.

Strolling Around Town

By Fay Bovee

There has been so much excitement around Grayling with the Milltown Festival that it's hard to notice the little things that make our community a prettier place to live. The downtown merchants have been really making an effort to keep their sidewalks swept and clean even with all of the people around. A bouquet to all of them! The library planter is looking colorful this year. On Maple Street the Charlie Gierkes have their flowers along the sidewalk again and further on Mr. Haydet has been busy with the paint brush and a new roof. And the Derek McEvers have some lovely hanging planters.

I need some help on identifying some of the other places around the area that need mentioning. Call me Monday or Tuesday, please, and nominate your neighbor for the bouquet of the week.

Why There?

I would like to apologize to the many potential visitors to the Crawford County Historical Museum who were unable to visit the museum during the Milltown Festival due to it being closed.

I closed the museum Monday afternoon. I did not want to subject our wonderful volunteers to any chances of trouble after the carnival moved in on one of the nicest plots of ground in the city. What a wonderful way to help destroy a beautiful spot.

I don't know who is responsible for contracting the carnival to come to Grayling without a place to set up their equipment.

Quote, "July 28-Aug. 2, carnival, location to be announced" (Northern Michigan Herald Tribune, July 27, 1981).

I would like to congratulate the person or persons for this wonderful business procedure. It must have taken many hours of planning.

A blind person could see why the business places on Norway objected to the carnival being set up along Norway and the railroad tracks.

I would also like to congratulate the person or persons who allowed the carnival to move onto the small area by the county library and the historical museum. In my opinion that was about the most stupid decision anyone could make.

I might ask this question. What about the 286 plus or minus acres at Hanson Hills or Bear Mt. that might have been used for the carnival?

According to the June 25, 1981 Avalanche quote, Taylor "He is working with the Milltown Festival planners to see if activities can be held there during the annual summer event scheduled for the end of July through Aug. 2".

There would have been plenty of parking space for the equipment and visitors. Dial-A-Ride could have transported a lot of people. This

would have given many of the local people a chance to look over the area.

It is my hope that the Milltown Festival Committee will realize a little profit from their efforts. I am sure the carnival people will be going down the road with a bundle of Crawford County money.

Please visit the museum after the grounds are cleared. We have several new things on display. Come in and have a smoke on the Indian Peace Pipe.

We now have pictures of many of the local people who served in World War Two. These pictures were given to the museum by the Grayling Alumni Association. And by the way don't forget about the alumni banquet coming up in September.

This is the 8th summer that the museum has been open. Come on over and look around. I am sorry we had to miss out on the busiest weeks of the summer.

Elmer L. Fenton,
President of Crawford County Historical Society

Attorney General Preparing Suits On Home Mortgage Contracts

Warren M. Hoyt, Executive Director, MPA

The state's attorney general is working on two separate fronts to protect consumers against questionable mortgage practices.

With the advent of creative financing with spiraling property costs and mortgage interest rates, certain lenders have been adding some "creative" contract of their own with the result being even more costs to the consumer.

Attorney General Frank J. Kelley has already served notice of intended legal action against a Harper Woods mortgage company, which he charged, requires homeowners to incorporate as a business in order to qualify for a second mortgage.

Kelley charged the requirement to incorporate allows the mortgage company to bypass the state usury laws and charge more than double the legal interest rate on second mortgages.

The attorney general said that the company, Manor Mortgage, is confusing prospective borrowers on the terms and conditions of credit transactions and is failing to reveal material facts which mislead the consumers and which the consumers could not be expected to know on their own.

By requiring a potential borrower to incorporate himself, Kelley charged the company could usurp the usury law which limits a second mortgage interest rate to 7 percent.

Kelley also has threatened to go to court if two large mortgage lenders do not agree to stop invoking a "due on sale" clause on the mortgages of people trying to sell their homes by land contracts or mortgage assumptions.

Those companies are Detroit and Northern Savings and Loan and First Federal Savings and Loan.

Due on sale clauses require a homeowner to pay off the balance of the loan before allowing a home to be sold on a land contract or assumption.

ption.

Kelley said they create an unreasonable restraint on the ability of a person to sell a home.

The attorney general said that other lending institutions invoke the clause but a legal judgment against the two named savings and loans would then compel the others to stop the practice.

Kelley said it was unlikely that persons who had been forced to pay off their mortgages could get any retribution if the practice is stopped.

He charged that the two lenders were invoking the clauses in order to force home buyers to get mortgages at higher interest rates than that of an assumable mortgage or a land contract.

A 1977 Court of Appeals decision ruled regular use of due on sale clauses were unenforceable and an unreasonable restraint on a person's right to buy and sell property. The Supreme Court upheld that decision when it refused to hear an appeal.

A lender can only use a due on sale clause when it can prove that a prospective buyer is a bad credit risk, Kelley said. If the due on sale practice is stopped, there is a chance lenders will try to slow up sales by claiming that people are bad risks, he added.

Kelley said complaints have come in from many people on the practice and realtors have told his office the practice has had a "catastrophic" effect on real estate sales.

Such clauses have been outlawed in other states through legislative action, Kelley reported and added, "but our Legislature seems to have a case of judicial timidity."

Joining in on the suit will be the Financial Institutions Bureau, whose director Martha Seger, said routine use of due on sale clauses is illegal and that her bureau will take action against other lenders who improperly use the clause.

HOW DID WE DO THAT?—Three Crawford County children were surprised as anyone when they helped magician Stanley Susan perform a trick during the Crawford County Library Fun Hour last Wednesday. More than 80 kids enjoyed the show.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

Since I have been stationed at the Hartwick Pines State Park for 15 years, many people think I am the Manager, which is not so. With this in mind, I would like to tell you a little about the present Manager, Joe Martin, who might well be considered to be a native of this area since he spent most of his early years in the Higgins Lake area. Like many of us who have been with Parks Division for a number of years, his career began as that of a seasonal employee at a time when you could work your way up through the ranks. He gained his experience doing a wide range of work assignments in State Parks which included Ludington, Wilson, Gladwin, Muskegon and Benzie. He has been the resident Manager at Benzie, D.H. Day, Onaway and now Hartwick Pines. He takes a good deal of kidding about the dubious honor of being the Manager of a State Park which ceased to exist as such when the National Parks Service incorporated D.H. Day State Park into the Sleeping Bear National Lakeshore.

While each park may have virtually the same rules applied to its campground and day use area, each is different in its location within the Parks system and thus each park is used differently by its visitors. Due to his varied experience, Joe has brought to the Pines nearly 30 years of management expertise. This expertise comes into play here because we are a four-seasons park with a constantly changing visitation and to some degree, the staff. The operation of the park, which he is responsible and accountable for, is somewhat akin to running a small town. There are problems with safety, sanitation, law enforcement, facility and equipment operation including their repairs during high-use periods, protection of the Park's historical and natural heritage, personnel problems, accounting for all monies collected and, of course, the paperwork attendant with such an operation. Even on his days off, he makes it a point to stop at the office, not to check up on us, but just to make sure something hasn't surfaced which may need his attention. We the staff are glad he is here since he is as much a part of this Park as the Tall Timber and its environs for which he is responsible.

Feldhauser Reunion Held

The annual Feldhauser Reunion was held Sunday, July 26, at the Hartwick Pines State Park. The day started out overcast and cool, but turned warm and was lovely.

Eighty-six family members were present and Norm Feldhauser passed the hat.

Gary, Loly, Don and Kay Leslie were in charge of the picnic and presented gifts to Emma Knibbs and the oldest member and to 4 month old Denise. Feldhauser, daughter of Curt and Regina Feldhauser, as the youngest.

On Monday, 53 met at Don & Jean Feldhauser's Shot Gun Ridge on Thendara Road for the reunion canoe trip to Wakeley Bridge. After the canoe trip a lovely picnic was held back at Don & Jean's.

Marge Stark and Linda Marshall were chosen to be in charge of the reunion for 1982.

Ricky Steely Benefit Day

St. Mary's Church Parish Council is sponsoring a "Ricky Steely Benefit Day" on Sunday, August 23rd, from 1:00 to 6:00 at the parish Family Center.

Ricky Steely is a Grayling boy who was seriously injured this past winter in a toboggan accident. In the months since the accident he has been hospitalized at St. Mary's Hospital in Saginaw, Munson Medical Center in Traverse City, and the Henry Ford Hospital in Detroit.

While Ricky is recovering, his prolonged illness has caused a financial hardship in the family. The "Ricky Steely Benefit Day" is planned to help defray some of the additional expenses experienced by his family in connection with his injury and treatment.

A light meal of ham sandwiches, cole slaw or potato salad, chips, and a soft drink or coffee will be served throughout the afternoon. Members of several Grayling area churches are donating food and money for the Benefit Day.

A donation of \$2.00 per adult, and \$1.50 for children under the age of 12 is requested. Children under age 5 may come and eat for free.

Also, two drawings will be held. A "50-50" ticket will be sold for \$1.00 each, and chances for a wine basket will sell for 25 cents and 5/\$1.00. Tickets will be available in the community the week prior to August 23rd.

More activities are planned, but not yet finalized. Details will be made public in the near future in the paper and on the radio. For more information contact Bill Morford, Parish Council Chairman, at 348-4681; or Jeanne Sloan, Christian Service Commissioner, at 348-8296. Your support will be appreciated.

Outstanding pitchers for both games were John

Meagher and Scott Schwartz who combined their efforts to strike out 14 players and allowing 5 hits.

With tournaments over, the team is in preparation of its annual trip downstate to Three Rivers to play a 9 inning game "under lights" and then take an all day venture to the "Great America" Amusement Park, located north of Chicago.

OPERA SINGER—When Tom Phillips, of Grayling, takes off his welding mask he enjoys opera singing. He would like to try someday to make a career out of opera singing. (Jon Thompson photo)

Welding and Opera Singing Go Hand-in-Hand for Grayling Man

By Jon Thompson

Clark Kent changes identities in a phone booth. Tom Phillips, of Grayling, switches roles in his pick-up truck. He plugs in his tape player and changes from a welder into an opera singer.

"I'll usually sing along with my opera tapes when I'm out on the road somewhere I'm not going to bother anyone," Phillips said. "I try to practice at home or on the road everyday. You never know when an opportunity is going to come along."

Phillips, 35, studied opera singing at the Detroit Institute of Musical Arts, took music training at Macomb Community College, and had private lessons for two years with a great opera singer who lived nearby in St. Clair Shores.

Phillips, who moved to Grayling four years ago, hasn't tried the professional opera singing road yet because of the uncertainty and traveling involved with

that career didn't mix well with raising a family.

Now, as his only daughter grows older, he's getting the itch to try.

"Opera singing pays well now and I think I could make a good career out of it," Phillips said.

Music was always around Phillips as he grew up. His mother played the organ and piano, his uncle is a singer, his brother plays guitar in bands, and his father used to sing in choirs and had a record collection of classical operas.

His uncle is the person who first got him interested in singing.

"We use to come up here on vacations and my uncle was so happy to be free from the city he used to boom out singing to the trees."

Tom first became interested in opera while listening to his father's records. Later he watched operas on television in the Hallmark Hall of Fame shows and listened to operas

on the Firestone Voice of Firestone radio series.

He worked as a welder in aerospace factories in Detroit and works as welder and taxidermist in Grayling.

"I call myself a professional hobbyist," Phillips said. "Right now I'm doing all the things I used to do as hobbies when I was in high school."

Phillips sang in a recent rotary club minstrel show and would like to see more classical music performed in Grayling.

"I hear some good singers in church and I think it would be a good show for Grayling if some of the classical performers, pianists, singers, or whoever, could get together."

Does Phillips get nervous on stage?

"I used to get scared but now I just try to do my best and not worry," he said. "At least I never have to worry about going unnoticed on stage. My size gives me stage presence," he kidded.

13 Crawford County Avalanche Thurs., Aug. 6, 1981 Editor's Mailbox Atkinson Reunion

To the Editor:

How many of you had the opportunity to read Tom Gill's "Chalk Talk" in which he stated that property taxes make up only 6 percent of all taxes that he pays. Had any of you discovered that?

How unfortunate that the only tax that we have any vote on is the one that directly affects our schools and education. If I had my choice our schools and community would come first and the others would come last.

Read June 1981 Reader's Digest and find out how some of your tax dollars are being used. Six grants used up tax money from 120 families, one of the grants being for "The Life and Times of Rosie the Riveter!" Why can't we vote "No" for that instead of our schools. There are a lot of you out there who are just as mad about it as I am. But why take it out on your own local schools?

Get your school going with a decent education and then start to see if you can't do something about the waste in state and federal programs.

If there were no more waste in other programs than there is in our local school system, we'd all be paying less taxes. Grayling schools have always been on an austerity budget but in spite of that we have graduated a lot of fine students. Let's quit running down the school and cooperate to make them even better. Support your schools!

Fay C. Bovee

The family of Sarah and Alexander Atkinson gathered at Bay City State Park on Sunday, July 26 for the 22nd Reunion. It was a small turnout of 52, but, as usual, a happy day. Committee for this year was Doris Kern, Jeannette and Ray Leubs, Bay City.

Due to early rain, we weren't too sure of being out-of-doors and then - the sky cleared for us.

Oldest member present, Dick Woodbury, Midland. Youngest member, Jennifer Elliott, granddaughter of Ruth and Ross Atkinson, Bay City who had the largest family of 10.

Most of us picked up a reprint of a family picture of the grandparents and parents (Children were teenagers).

Next year Reunion in Midland with Ruth and Bill Eyre, Helen and Dick Woodbury on the Committee. Attending from Grayling, Karen and Karl Golic, children, John and Tina, Clara and Robert Sorenson.

Crawford AuSable School District
Counties of Crawford, Otsego & Kalkaska
STATE OF MICHIGAN
TAX ANTICIPATION NOTES
(General Obligation Limited Tax)

SEALED BIDS for the purchase of tax anticipation notes of Crawford AuSable School District, Counties of Crawford, Otsego and Kalkaska, Michigan of the par value of \$1,400,000.00 will be received by the undersigned at 403 Michigan Avenue, Grayling, Michigan 49738, until 9 o'clock A.M., Eastern Daylight Time, on the 13th day of August, 1981, at which time and place they will be publicly opened and read.

NOTE DETAILS: INTEREST RATE; PAYING AGENT; AND DENOMINATIONS: The notes will be dated August 1, 1981 will mature April 1, 1982 and will bear interest at a rate or rates not exceeding 14% per annum. Both principal and interest will be payable at a bank or trust company located in the State of Michigan to be designated by the original purchaser of the notes which paying agent qualifies as such under the Statutes of the State of Michigan or of the Federal Government, subject to the approval of the School District. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

PRIOR REDEMPTION: The notes shall not be subject to redemption prior to maturity.

AWARD OF NOTES: For the purpose of awarding the notes the interest cost of each bid will be computed on a 360 day year basis by determining, at the rate or rates specified therein, the total dollar value of all interest on the notes from August 13, 1981 to their maturity and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest dollar interest cost to the municipality. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered.

SECURITY: The loan is in anticipation of the operating portion of the School Tax for the fiscal year July 1, 1981 to June 30, 1982 which tax is due and payable December 1, 1981. The School District has pledged to establish a special fund to be used solely to pay the principal and interest on the notes when due, and has pledged to set aside in said fund an amount sufficient to repay the principal and interest on the notes when due. A portion of each dollar of taxes remaining to be collected for the fiscal year beginning July 1, 1981 shall be set aside in an amount not less than 125% of the percentage that the principal amount of the notes bears to the amount of taxes to be levied and to be collected for operating expenses, anticipated delinquency in collections being taken into account, until the amount so set aside is sufficient for payment of the notes.

In addition, the notes will be a General Obligation of the School District and if tax collections are insufficient to pay the notes when due, the School District has pledged to use any and all other resources available for payment of said notes. The School District does not have the power to levy taxes for the payment of the notes in excess of its constitutional and statutory tax rate limit.

ADDITIONAL BORROWING: The School District reserves the right to issue additional notes of equal standing with the notes of this issue to meet current operating and payroll expenses.

GOOD FAITH: A certified or cashier's check in the amount of 2% of the par value of the notes, drawn upon an incorporated bank or trust company and payable to the Order of the Treasurer must accompany each bid as a guarantee of good faith on the part of the bidder to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the notes. Checks of unsuccessful bidders will be promptly returned.

LEGAL OPINION; DELIVERY OF NOTES: Bids shall be conditioned upon the unqualified opinion of the purchaser's attorney approving the legality of the notes to be secured at the purchaser's expense. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered at a place to be agreed upon with the purchaser.

THE RIGHT IS RESERVED TO REJECT ANY OR ALL BIDS.

ENVELOPES containing the bids should be plainly marked "Proposal for Notes."

DOUBTER

She's young, she's beautiful, but she doesn't believe in God. At least, she doesn't think she does.

Shocked? Lots of young people today and a good many older ones aren't all that sure of the "old religion." They don't want a panacea. They want something of substance, a truth to live with.

That's why the Church has risen to meet the challenge. There's a new tide in today's church, a reality as old as the centuries but as new as the future.

You owe it to yourself to investigate.
